**DETAILED ACTION*****Election/Restrictions***

The amendment filed on 06 June 2005 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because previously examined claims 96 and 109 are directed towards the providing promotional material during the suspension of an on-demand motion video presentation. Newly presented claims 96-104 and 118-123 are directed towards a method for receiving media guide and merchandising information wherein the merchandising information is presented to the user as part of the media guide. The user may subsequently order and establish a session for an on-demand media presentation. Claims 124-130 are directed towards a method for providing rental options for an on-demand presentation including the option to provide promotional presentations. Claims 131-133 are directed towards a method of providing an enablement indicator for determining if a presentation can be viewed without advertising.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
